MEMORANDUM For Mr. John Buchanan, Bellsouth Account Manager, 333 Commerce
Street, Nashville, TN 37201

SUBJECT: Request for Consolidation of Telephone Numbers

1. This is to follow up on our request for consolidation of telephone numbers, dated 27
October 2004

1. The Tennessee Army National Guard desires to consolidate some existing locations
into our current state-wide telephone numbering plan. We also anticipate growth that
will require additional telephone numbers.

2. To accommodate this consolidation and growth, we request an additional 1,300
consecutive telephone numbers in the 6000-7000 range.

3. Consolidation of telephone numbers under one prefix will enhance the Tennessee
Army National Guard's ability to communicate effectively and will further improve our
capability to defend our state and nation.

4. Point of contact is Major Joe Hollister at 615-313-2600 or email at
